**JUST KEEP MOVING FORWARD,
WHERE EVER LIFE MAY TAKE YOU!**

Autumn | Winter 2019/20

For the upcoming season Cloud Footwear presents a contemporary and mysterious collection that seeks to invigorate the everyday life through six main stimulating themes: romantic fantasy, floral camouflage, luminous shades contrasting with darker tones, nature inspired textures, organic grunge and new animal prints.

The brand-new designs are all inspired by the latest edgy fashion trends but reassure the brand commitment to comfort, the use of premium materials and the ongoing quest for quality. All the soles used in cloud footwear are made with thermoplastic rubber, soft and sporty.

In this collection Cloud Footwear looks for an imaginary nostalgic world where carefree expression and creativity are boundless. Just keep moving forward, where ever life may take you!
